DATE: September 13, 2019  
TO: General Manager  
FROM: Equipment Maintenance Manager  
SUBJECT: Purchase of New Debris Boxes

**RECOMMENDATION:** That the Board approve the purchase of ten (10) 40-yard roll-off boxes from Consolidated Fabricators Corp. of Galt, CA for a total cost of \$85,242.60, including sales tax and freight. Funds for this purchase in the amount of \$100,000 are included in the Capital Outlay Budget for Fiscal Year (FY) 2019/20.

### BACKGROUND

The District's recycling operation at the Materials Recovery Facility (MRF) requires numerous debris boxes for the temporary storage of recyclable materials and non-recyclable residue. Periodic replacement of these boxes is necessary over time. These new boxes will replace those boxes that have become uneconomical to repair and have reached the end of their useful life.

### DISCUSSION

Quotes for the debris containers were received from two local manufacturers as follows:

| VENDOR                                   | TOTAL PRICE  |
|--|--------------|
| Wastequip Inc., Taft, CA                 | \$100,720.38 |
| Consolidated Fabricators Corp., Galt, CA | \$85,242.60  |

### FINANCIAL IMPACT

Funds totaling \$100,000 were included in the FY 2019/20 Capital Budget.

### STRATEGIC PLAN

The purchase of these debris containers is not related to the District's Strategic Plan, although they are instrumental in the MRF diversion programs.

### CONCLUSION

The quotes were reviewed by staff and it was concluded that the low quote from Consolidated Fabricators Corp., satisfies the specifications of the District for these debris' containers, was the most responsive, and would be in the best interests of the District. It is therefore recommended that the Board authorize the purchase of the debris containers for a total price of \$85,242.60 from Consolidated Fabricators Corp. of Galt, CA.
