DATE: July 17, 2020
TO: General Manager
FROM: Operations Director
SUBJECT: Declare Surplus and Authorize Disposition of District Material Recovery Facility (MRF) Wood Line Feed System Equipment

RECOMMENDATION: That the Board declare surplus and authorize the disposition of the following District MRF Sort-Line equipment for salvage.

DISCUSSION

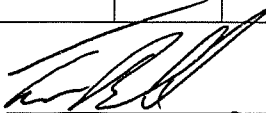

As in past practice, requests to declare certain assets as surplus generally are made for assets that have reached the end of their useful life cycle, which is the case for all the assets contained in this request. All assets have been fully depreciated.

DISCUSSION

The District grinding operation was suspended in March of 2018 due to the need for more tip floor space to accommodate the self-haul customers and to eliminate the accumulation of particulate on the new Materials Recovery Facility (MRF) sorting equipment created by the grinding operation. All green waste and dry wood grinding is now done by Keith Day Company elsewhere on site.

Staff estimates deconstruction of the unutilized wood line feed system equipment will begin on or around August of 2020. Surplus status is requested at this time to facilitate the activities related to removal of the equipment. All the equipment will be salvaged for material value to offset the costs of removal.

Asset Name	Purchase		Current Book Value	Estimated Market Value	Status
	Date	Amount			
Unit W2 - Krause 72" Walking floor structure with HPU unit	1996	N/A	0	0	Poor condition - recapped in 2012 6,099 hours of run time on recap, 30,494 hours on structure
Unit C5A - 72" Krause Incline Conveyor	Nov. - 2012	\$211,195.92	0	\$10,000-20,000	Fair condition - new in 2012 6,099 hours of run time since install
Unit C6 - 72" Krause Sort Conveyor	1996	N/A	0	0	Poor condition - 30,494 hours of run time
Unit C7A - 30" Compass Equipment Transfer Conveyor	2012	N/A	0	\$1,000	Fair condition - 6,099 hours of run time
Unit S6 - 72" Millpower Shaker Screen	1996	N/A	0	0	Poor condition - 30,494 hours of run time
