

DATE: May 16, 2022TO: Board of DirectorsFROM: Zoë Shoats, Director of Communications

SUBJECT: Approve Exhibits A, B and D of MOU between MRWMD and Member Agencies for FY 23 SB 1383 Shared Costs

RECOMENDATION: Approve updates to Exhibits A, B and D of the MOU between MRWMD and its member agencies regarding assistance with compliance with California Senate Bill 1383 for FY 22/23.

BACKGROUND

The State of California has passed legislation, known as Senate Bill 1383, California's Short-Lived Climate Pollutants legislation. The regulation has significant impact on each Member Agency with the goal of reducing organic material being landfilled by 75% by 2025, compared to a 2014 basis. The legislation mandates that Member Agencies undertake certain activities around the handling of organic waste materials collected within their jurisdictions. The regulation also requires 20% recovery of edible food by 2025 to direct it to a beneficial use and thus prevent it from entering the waste stream. Regulations took effect, and local program implementation began, on January 1, 2022.

In 2021, the Member Agencies determined that it was in their best interest to coordinate their activities related to this legislation. This coordination is being facilitated by the District's Technical Advisory Committee (TAC) comprised of staff from each Member Agency, the three haulers in the District's service area (Haulers), and MRWMD.

The Member Agencies determined that the District has the expertise and resources necessary to implement shared activities on the Member Agencies' behalf and requested that the District incur costs to provide these activities. The Member Agencies have agreed to reimburse the District for proportionate shares of certain designated annual costs incurred by the District for these activities under a Memorandum of Understanding (MOU) between the Monterey Regional Waste Management District and its Member Agencies Regarding Assistance with Compliance with California Senate Bill 1383.

The purpose of the MOU is to provide a structure for the Member Agencies to reimburse the District for SB 1383 related activities it performs on behalf of the Member Agencies. The MOU was voluntarily entered into by the Parties for the purpose of facilitating the implementation of SB 1383. The MOU was adopted by the MRWMD Board on June 18,2021, the Member Agencies soon thereafter, and became effective July 1, 2021.

DISCUSSION

The MOU currently contains Exhibits A, B & C, detailing annual implementation costs for each fiscal year. The exhibits were designed to be updated annually based upon estimated future costs.

- Exhibit A Detailed Activities and Costs: Contains the scope of work, and associated costs related to general SB 1383 activities well as . (Enacted June 2021, updated annually.)
- Exhibit B Member Agencies' Annual Proportionate Shares and Costs: Allocation of such costs to the Member Agencies. (Enacted June 2021, updated annually.)
- Exhibit C Member Agencies' Estimated Allocation of CalRecycle Local Assistance Grant **Program Funding:** Details proposed programs funded by the CalRecycle Local Assistance Grant Program. (Enacted February 2022, to be updated if future funding becomes available.)
- Exhibit D Member Agencies' Estimated Procurement Requirements of Organic Material: The addition of Exhibit D will detail the organic materials (compost or mulch) procurement requirements and costs for each Member Agency. (Enacted with this approval, to be updated in 2026.)

STAFF RECOMMENDATION

Approve updates to Exhibits A, B and add Exhibit D of the MOU between MRWMD and its member agencies regarding assistance with compliance with California Senate Bill 1383 for FY 22/23. See attached Exhibits.

FINANCIAL IMPACT

None

CONCLUSION

Staff recommends the Board's consideration and approval of Exhibits A, B and add Exhibit D of the MOU between MRWMD and its member agencies regarding assistance with compliance with California Senate Bill 1383 for FY 22/23.

Attachments

EXHIBIT A

DETAILED ACTIVITIES & COSTS FY 2022-2023

Scope of Work

The activities related to the implementation of SB 1383 may include contracting and policy development; public education; materials purchasing and distribution; reporting; contamination monitoring; edible food recovery; enforcement; procurement; organics processing; rate setting; cost monitoring; and any other related activities the Parties choose to address.

The District will take the lead producing public education campaigns in concert with the alreadyprovided Hauler and/or Member Agency resources. The Member Agencies will be responsible for production and mailing fees associated with outreach. The District will also contract with a vendor to administer contamination monitoring in the form of curbside lid flipping within each Member Agency, except for the County of Monterey, where the County of Monterey will decide how to proceed. The District will also provide CalRecycle reporting services to the Member Agencies. In addition, funds will be allocated to edible food recovery support.

EXHIBIT C

MEMBER AGENCIES' ESTIMATED ALLOCATION OF CALRECYCLE LOCAL ASSISTANCE GRANT PROGRAM FUNDING (OWR1: 2021-22)**

The Member Agencies of Carmel, Del Rey Oaks, Marina, Monterey, Sand City, Seaside, Pacific Grove, and the Pebble Beach Community Services District (PBCSD) join the Local Assistance Grant Program as a regional collaborative project for the implementation of regulation requirements associated with SB 1383, in coordination with other jurisdictions of the Monterey County region to maximize project impact and cost-effectiveness across the countywide area. This regional grant-funded project will be coordinated through the two local waste management governmental agencies within Monterey County, Monterey Regional Waste Management (MRWMD), and Salinas Valley Solid Waste Authority (SVSWA).

The Member Agencies, along with each of the MRWMD and SVSWA member agencies are applying individually to this grant program using a unified regional project design, budget and implementation approach. All participating jurisdictions' individual grant funding will be pooled together and expended in a cooperative manner by their agencies' respective waste districts, MRWMD and SVSWA. The County of Monterey is applying separately and will manage its budget and project implementation independently, in coordination with broader regional planning efforts.

Based on current regional needs and findings to date related to SB 1383 in Monterey County, the following four major components will comprise the principal focus areas of program expenditures under the proposed regional project approach:

- 1) Grant Management, Tracking & Reporting
- 2) Agency Procurement Support
- 3) Edible Food Recovery Implementation and Capacity Building
- 4) Organics & Edible Food Recovery Education, Outreach and Technical Assistance

Each element will be informed by regional coordination through the established MRWMD and SVSWA Technical Advisory Committee forums, Capacity Planning Assessments and related studies completed or in process throughout the region, and new data and information obtained through program implementation trials, stakeholder feedback and best practices as identified. All expenditures will be incurred jointly, facilitated through each respective waste agency, and tracked and reported by each jurisdiction, based on the percentage of grant funds received by each agencies. CalRecycle, based on per capita calculations, using the Department of Finance's January 2021 population statistics, estimates jurisdictions' proportionate grant allocations. A summary of individual and collective agency grant allocations is presented below as **Table 1**.

EXHIBIT C (Continued)

MEMBER AGENCIES' ESTIMATED ALLOCATION OF CALRECYCLE LOCAL ASSISTANCE GRANT PROGRAM FUNDING (OWR1: 2021-22)**

Table 1. Thirteen Agency Collaborative Approach Budget Summary

Agencies	Estimated	% of District	% of Region	Waste
	Funding	Subtotal	Total	District
