

The “Wriggly Wranch” Worm Bin

Available at Monterey Regional Waste Management District’s
Last Chance Mercantile

Turn Food Scraps into an organic
soil amendment, with the help of earthworms.

Price: \$69*

- The Wriggly Wranch worm bin, is a small compost system, designed to compost food scraps with the aid of earth worms (specifically red worms, or *Esineia foetida*).
- This easy to assemble bin can be used inside or outside in areas protected from the elements.
- It is comprised of two working trays and a catchment tray, four legs which are optional to use, and a spigot to drain collected leachate.
Dimensions: 22.5 “ l x 15.5”w and approximately 26” tall when legs are used.
- Comes with instruction booklet and coconut coir for initial bedding. Worms are not included.
