HHW includes household batteries, paint, pesticides, motor oil, car batteries, pool chemicals, CFL bulbs, aerosols, acids, fuels, and caustics. See mrwmd.org/hhw for additional acceptance information.

### **Electronics Recycling**

It is against the law to dispose of electronics in the trash.

Recycling helps preserve the precious contained resources for new products. Electronic devices are accepted for recycling at the Household Hazardous Waste Collection Facility free of charge. See whatgoeswhere.info for acceptance information.

#### **Small Business Hazardous Waste**

Hazardous and regulated waste from small businesses, such as fluorescent light bulbs, paint, cleaning chemicals, etc. is accepted by appointment only. Call 831-264-6386 for an appointment or for more information. A small business processing fee applies.

#### All loads subject to hazardous waste load checking.

Hazardous and other prohibited materials, as defined under California law and regulations, may not be disposed at the Monterey Peninsula Landfill or the Materials Recovery Facility. If hazardous materials are found in loads, the hauler is responsible for all costs associated with management of the hazardous material. In addition, the District may notify state and local regulatory agencies, and the responsible party or parties may be subject to civil or criminal prosecution, or both.

#### \*Services and fees are subject to change.
