

Wriggly Wranch Worm Compost Bin

By Triformis Corporation

- Converts fruit/vegetable scraps into solid and liquid fertilizer for house/garden plants and fruit trees
- Made from 100% recycled material, polypropylene/BPA free
- Dimensions: 22 ¾" L x 15 ¾" W x 25 ½" H (fully assembled)
- Weight: 15 lbs (empty)
- Large capacity – 2 working trays hold up to 17,000 red worms (no additional trays needed)
- A patented self-harvesting, stackable tray system which includes 2 self-harvesting working trays, 1 bottom collector tray to capture liquid fertilizer, lid, 4 legs, spigot, bedding block and printed guide in English and Spanish
- Tray system allows for maximum circulation
- Easy to assemble and maintain
- Made for individuals of all ages and abilities
- Perfect for homes, condos, apartments, and schools
- Ideal for indoor or outdoor use
- Biodegradable, worm-friendly display cardboard printed in USA with soy-based ink
- Saves water by helping the soil hold moisture and reducing water runoff
- Improves soil structure, aeration and water retention
- Conserves limited landfill space in compliance with waste mandates
- Empowers citizens to reduce waste
- 1 year limited warranty against manufacturer defects
